02

Premium Witch Hazel

Premium Witch Hazel

PMU. Witch Hazel Hydrolate. Witch hazel stands out with its versatile application. It effectively tones, moisturizes, and regulates sebum secretion. It has antiseptic and anti-inflammatory properties.

Minimizes swelling, supports the regeneration of irritated skin, and accelerates healing. Reduces redness and puffiness. Prevents the expulsion of pigment from the skin.

Premium Micellar Water

Premium Micellar Water

Versatile micellar water designed for preparation, cleansing, and skincare during all three stages of the pigmentation process: before, during, and after treatment. The innovative formula restores optimal moisture levels and reinforces the skin's barrier. This gentle yet effective product thoroughly cleanses the skin, removing pigment residues that can sensitize the skin. PMU micellar water exhibits soothing, calming, and astringent properties, aiding in calming inflammation, reducing itching, and supporting the regeneration of irritated skin. Recommended for use by both professional permanent makeup artists and their clients for post-treatment daily skincare.

Premium Micellar Water

DISCOVER THE POWER OF ACTIVE INGREDIENTS

ALLANTOIN

Exhibits soothing action • Calms irritations • Helps restore the skin's proper hydration level • Supports skin regeneration processes

PANTHENOL

improves skin hydration • softens the skin's outer layer • accelerates regeneration • soothes irritation • reduces itching

HAMAMELIS VIRGINIANA EXTRACT

BETAINE

exhibits moisturizing properties • strengthens the skin barrier • protects against harmful external factors

CALENDULA EXTRACT

supports inflammation reduction • soothes irritations • calms the skin

GLYCERINE

helps in proper skin hydration • prevents dehydration

05

Premium Foam Cleanser

Premium Foam Cleanser

Pretty Me Up foam soap is a universal, gentle cosmetic designed for the care of skin undergoing pigmentation treatments. Enriched with sunflower sprout extract, which is full of vitamins, antioxidants, and phytonutrients, this foam soap supports the regenerative processes of irritated skin and restores its optimal moisture levels. Pretty Me Up foam professionally prepares the skin for treatment by removing makeup and henna residues. It effectively cleanses excess applied pigment, whose excessive accumulation can cause unwanted skin sensitivity. Additionally, its foam form does not cause further skin irritation during application.

06

Premium Soap

Premium Soap

Pretty Me Up Universal Liquid Soap is a gentle cleanser designed to prepare the skin for pigmentation treatments. It effectively removes makeup, henna, and excess pigment, helping to prevent skin sensitivity. Enriched with panthenol, this soap soothes irritation, supports skin regeneration, and noticeably improves hydration. Additionally, hydrolyzed wheat proteins leave the skin feeling smooth and soft to the touch. We recommend using Pretty Me Up Liquid Soap as a complementary product alongside other items from the Pretty Me Up line for a complete skincare routine.
